TOWN WARRANT

The State of New Hampshire

To the Inhabitants of the Town of Goshen in the County of Sullivan in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Goshen on Tuesday, the 11th day of March, next at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

3. To hear the reports of Selectmen and other Town Officers heretofore chosen and pass any vote relating thereto.

4. To raise and appropriate such sums of money as may be necessary for highways and bridges.

5. To raise and appropriate such sums of money as may be necessary for winter roads.

6. To see what sum of money the town will vote to raise and appropriate for general expense of the Highway Department.

7. To see if the town will vote to authorize the Selectmen to borrow money in anticipation of taxes.

8. To see what sum of money the town will vote to raise for Town Poor.

9. To see what sum of money the town will vote to raise and appropriate for Old Age Assistance.

10. To see what sum of money the town will vote to raise and appropriate for the Library.

11. To see if the town will vote to raise the sum of \$400.00 for White Pine Blister Rust Control.

12. To see if the Town will vote to raise and appropriate the sum of \$30.00 for the purpose of publicizing and promoting the natural advantages and resources of the Town and other Towns in the Dartmouth-Lake Sunapee region.

13. To see if the Town will vote to raise and appropriate the sum of \$177.13 and the State will contribute \$1,180.88 for T.R.A. roads.

14. To see what sum of money the Town will vote to raise and appropriate for the Fire Department.

15. To see what sum of money the Town will vote to raise and appropriate for Maintenance of the Town dump.

16. To see what sum of money the Town will vote to raise and appropriate for continuing the Rands Pond road.

17. To see what action the Town will take in regards to street lights and pass any vote relating thereto.

18. To see what sum of money the Town will vote to raise and appropriate for chairs for the Town Hall.

19. To see if the Town will vote to permit playing of Beano and pass any vote relating thereto.

20. To take up any other business that may legally come before this meeting.

Given under our hands and seal, this 21st day of February, in the year of our Lord nineteen hundred and fifty-two.

RICHARD A. PURMORT

ESTELLA BERGER

Treasurer

The Olive G. Pettis Memorial Library was the recipient of a legacy of Twenty-five Hundred Dollars (\$2,500.00) from the estate of Mary H. Halladay, in Sept. 1951.

It was in memory of her mother-in-law, Sarah H. Halladay, who was the Founder of the Library.

The Trustees are instructed by the will to invest Two Thousand Dollars (\$2,000) in good bonds, bearing interest of not more than 5%, the proceeds of this to be used for the purchase of new books for the library. The balance, \$500.00, is to be used for the maintenance of the Library building.

SCHOOL WARRANT

THE STATE OF NEW HAMPSHIRE

To the inhabitants of the School District in the Town of Goshen qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the eleventh day of March, 1952, at two o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the ensuing year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriations of such sums as are estimated to be received from the state equalization fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

9. To transact any other business that may legally come before this meeting.

OTHO L. NELSON

SARAH MACDONALD

SUPERINTENDENT'S REPORT

In this year of world tension and strife, we can be grateful that our educational system remains strong, that our boys and girls can continue to enjoy twelve years of free public education. Probably this is so because the majority of our people recognize that education for democracy should have a high priority in our efforts to maintain our ideals of citizenship and government.

However, we are faced with acute problems in maintaining and improving our educational institutions in this time of inflation, shortages and world dissension. In New Hampshire, and particularly in our Union No. 5, most of the solutions await a major decision on financial support. We are reaching a crisis in many of our towns where the real estate tax alone cannot provide sufficient funds.

The General Court changed the formula for state support of schools during its last session. The new formula's purpose is to equalize the tax effort throughout the state. It is an improvement but some inequities remain. Chiefly, it fails to recognize the differences in transportation costs. Some districts must transport practically every pupil over back roads, at great distances. Other towns with equal or greater financial ability have their school populations centered around the school buildings and this expense is relatively small. There is certainly nothing equitable about this problem as it relates to high school pupils. In most rural areas, these pupils have to find their own means of getting to school, often at great expense to parents. In larger communities, the majority need walk only short distances. A large share of the cost of transporting school pupils is provided by some of the states. The formula provides for a better means of fund distribution as far as it goes. Yet it is only in partial effect because the General Court appropriated half enough funds to maintain it.

Unwilling to be classed as one who gives destructive criticism, I venture my recommendations. In place of our \$600,000 state support program, we should have a \$3,000,000 assistance program. Approximately \$1,000,000 of this should be used to aid needy communities in building, divided in such a way as to give some impetus to cooperative districts. A considerable portion of the amount should be earmarked to equalize transportation costs and make district transportation of high school pupils possible. The balance can be divided generously under

the present equalization formula, with a portion set aside for emergency situations. The whole program should be provided after a thorough examination of the state tax structure. Some new form of equitable tax must be devised, and the sooner the better. We have a clear choice, it seems to me, between such a program for New Hampshire or bankruptcy for our small communities. Our neighboring state of Vermont has a program of state support totaling \$2,700,000, and Maine provides over \$6,000,000. New Hampshire, with a higher per capita income than either of its neighbors, can support this healthy contribution.

If there are people who feel that educational costs are exorbitant and we are not getting our money's worth, they might consider these facts. The percentage of our national income spent on schools has decreased from approximately four percent a few years ago to less than two percent at present. This is far less than the proportion spent in Russia and England. Our total yearly costs in New Hampshire are about equal to the cost of two large bombers. We spend more in America for our liquor than our education. The anticipated deficit in the President's federal budget, about \$15,000,000,000 for one year, is about equal to the total cost of all new school buildings and plant modernization needed throughout United States, for greatly increased school enrollments.

"Individual freedom and national strength depend upon the clear thinking of informed citizens. The part which our national school system, both public and private and from elementary grades through professional and technical schools, can play in preparing Americans to meet present and future problems is being jeopardized by inadequate financial support." (1)

We have made a great deal of progress in school plants by completing one new school, and improving all others in the eight towns. However, only four districts now have adequate buildings, and the efforts in the other communities to provide something better are being defeated by inflation.

Charlestown has a lovely new junior-senior high school. Currently it would cost \$300,000 to build. Our indebtedness is \$195,000. Holden School has been converted to a nice elementary building that can house three hundred pupils without crowding. Automatic heat has eliminated several problems. Acworth School District has completed its work in changing the town school to a modern two-room structure, one of the

best in the area. We have redecorated the interior of the Sarah Porter School in Langdon and have just added automatic oil heat. The two schools of Unity now have automatic heating, with a completely new central plant at Center School. Minor improvements have been made in Goshen, Lempster, Croydon and Cornish. In Lempster and Cornish, taxpayers and interested groups are accumulating reserve funds, hoping the day for new schools will soon arrive.

The boards of each district have approved increased salaries for our teachers. I strongly recommend these increases in spite of high taxes. Generally, the level of salaries in Union 5 is below that of some surrounding unions. Teachers should have salary consideration to offset increased taxes and living costs. This coming year may see the teacher shortage reaching its peak. I hope we can find competent, energetic teachers for every school. I am indeed grateful for the loyalty and effort of our teaching staff in Union 5. I urge parents to get better acquainted with them and extend to them the respect and appreciation that is their due.

All of us who know Mrs. Hasham, our school nurse, regret deeply that she has reached retirement age and must leave the service of our boys and girls. Her kindnesses have made a place for her in the hearts of the people in Union 5.

At every district meeting, we elect a new school board member or two and charge our officers with carrying out our wishes. We hope that they can provide improvements, and often expect these to be accomplished with extremely limited funds. I want to emphasize that our school board members are striving their utmost to provide the best schools possible with the funds available. They spend long hours each month determining the best policies and guiding educational affairs according to school law in the most economical means. They are more deserving of your praise than your criticisms.

In spite of minor emergencies, increased enrollments and inflation, we probably will close the books in every district in June without deficiencies.

Our new budgets again are higher. Two major increases are in teachers' salaries and tuition costs, neither of which we can control. We have prepared honest budgets, and we shall strive to live within them. We are practicing every economy possible, consistent with good education.

I am grateful for your faith, your kindnesses, your financial support. Though the cost is high, we must continue to believe in our children and prepare them as adequately as we can for the hectic times emerging.

Respectfully submitted,

JOHN W. DAY, Supt. of Schools
(1) Earl Bunting, Managing Director, National Association of Manufacturers.

SCHOOL NURSE'S REPORT

There are many signs that lead us to believe that the health and development of the children has very much improved in my twenty-one years of service as your school nurse. The change for good is a credit to the parents and to the teachers of the children and we like to believe the result of the school health program.

Along with the daily routine work, there have been additional demands to meet. We work closely with other health and welfare agencies that have been of tremendous help to us. On few occasions, we have had the assistance of physicians in our program for better health.

We have in our files a long list of corrected visions. The list of children who have had treatment and corrected hearing is not small.

Our records show that many of the pupils who pass through your schools have had complete dental care., either during the clinics at school or at the clinics held in the dentist's office. Our records show complete recovery from rheumatic fever, found at school. We also have records of children who were treated for mental illness. Some are still in institutions. Our records of tonsillectomies — a part of the national child recovery program in 1933, which has continued through the years — is long. The orthopedic list in our files is active. We are grateful to the New Hampshire Crippled and Handicapped Children Society. This service has monthly clinics open to school nurses for the treatment of needy children.

Your school nurse has attended periodic workshops for knowledge of new trends. The work is not done. There are new problems arising every day. My part in this important service has nearly ended. Thanks to all who have made it a pleasant and worthwhile career.

Respectfully submitted,

ZEPHYRINE L. HASHAM, School Nurse
